

ABOUT US

Hawkers use manual processes to manage finances and inventory, and small-scale vendors without the resources to build supplier relationships can have trouble finding supplies.

HawkHub aim to simplify hawker management and reduce administrative burden so hawkers can focus on providing high-quality food.

J&K

~Empowering hawkers. Connecting communities.

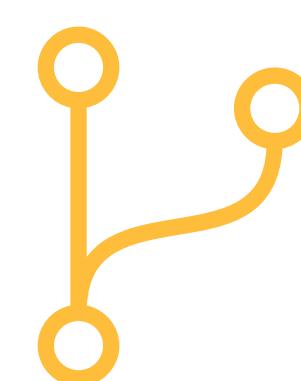

FEATURES

STOCK TRACKER

Automate Stocktaking:

Keeps track of your inventory and provides you updates and accurate stock data in real time.

SWE PRACTICES
